

COMING SOON

Council Contract Readiness

A second income stream beyond grants: help to get registered, get found and win public sector contracts.

WHY CONTRACTS?

Councils, NHS trusts and other public bodies pay local organisations to deliver services such as youth work, training, wellbeing sessions and outreach. Contracts can run for more than a year and renew, giving you income that doesn't stop when a grant ends – and social value now counts in how bids are scored.

WHAT WE'LL DO

- 1 Procurement portal registration**
We register you on the portals councils and public bodies use, so you're visible when opportunities come up – including lower-value ones that are never widely advertised.
- 2 Capability statement**
A polished one-page summary of who you are, what you deliver, your track record, credentials and service area.
- 3 Social value framework**
We turn your community work into evidence evaluators can score: local jobs, volunteering, partnerships and outreach.
- 4 Tender and bid writing**
When an opportunity goes live, we analyse the specification and scoring criteria and write a compliant, quality-focused bid.

Already delivering community services? You may be closer to contract-ready than you think. Get in touch to register your interest and be first to hear when the service launches.
