

OUR PROCESS

How We Work

Clear expectations from your first enquiry to the funding decision and beyond.

- 1 Get in touch**
Tell us about your organisation and what you're looking for.
- 2 Service assessment**
Complete our short assessment form and we'll recommend the package that fits your needs and budget.
- 3 Discovery meeting**
We research your organisation beforehand and walk you through a preview of the funding opportunities open to you.
- 4 Onboarding**
We agree terms and gather the documents funders ask for, such as your governing document and policies.
- 5 Pipeline and applications**
We identify suitable funds, check eligibility, then draft, budget and quality-check each application.
- 6 Your approval, then submission**
Nothing is submitted until you've reviewed and approved it. Where a funder only accepts email, we give you everything ready to send.
- 7 Funding decision**
Funders make all decisions and set their own timescales. Any success fee is only due once funding is received.
- 8 After the award**
Support is available with award acceptance, progress reports and end-of-grant reports, building your track record for the next bid.
